"Wow, That Felt Great"

Presenter: Ms. Sandra Stockall

"Wow, That Felt Great! Most people want to build stronger relationships that equip us to face challenges more effectively and to make a difference in the lives of people around us. This program is based on the FISH! Philosophy that emerged in 1998 from the film, FISH! Catch the Energy, Release the Potential, produced by John Christensen-currently CEO aka: Playground Director at ChartHouse Learning-this film is about Seattle's world-famous Pike Place Fish Market. The FISH! Philosophy is based on four components: 1) Have fun, 2) Make their day, 3) Be there, and 4) Choose your attitude. Learn practical tools to help you apply this philosophy at work, home and community. It's a simple approach to creating a change in our own attitudes."

***This program meets the criteria of the approved continuing education program for 1.0 hour of mental health, social work and/or counseling practice.
