Presents.....

“Preparing Churches to Prevent Child Abuse & Neglect”

Speaker:

*Jeanette Harder, PhD, CMSW
Associate Professor, Program Chair
Grace Abbott School of Social Work
University of Nebraska at Omaha*

Churches have great potential to both help and hurt children. As professionals, we can help churches become aware of their capacity to protect children and strengthen families. We can also raise awareness and provide education on the reality of child abuse and neglect in our communities. Church practices can also put children at-risk when child protection policies are not adopted and implemented. Based on a book and several professional journal articles the presenter has authored, this presentation equips us to partner with churches in preventing child abuse and neglect.
